

# PRICE LIST for Tombo Brand garments

## July 2010

### Printing and Embroidery Prices

The prices shown in the columns below refer to either a single colour screen printed design or an embroidered logo using 1-3 thread colours and fitting into a 4" by 4" square. Further prices for different options are shown on the back page of this price list. **We do not normally charge for setting up printed or embroidered designs from your artwork.**

### Prices for Larger Sizes

A "Yes" in the "Diff Price for v large sizes?" column indicates that the very large sizes in this style will be at a higher price. Please contact us for details of the prices and the sizes this refers to.

### Discounts

The prices shown here are for total order quantities of 12-24 garments. Our discounted prices start at total order quantities of just 25 garments so you may well be buying garments at prices lower than shown on our price list. **Please see the back page of this price list for details of our discounts.**

### Other information

Please see the back page of this price list and our main Welbeck info and price list, for further information.

## Information

### Samples and Sizing

Approximate sizing information is included on the web page. However we are happy, subject to certain restrictions, to send out samples in order for you to see the garments for yourself before you order. These garments are sent on the understanding that they will be returned to us in good condition within 28 days. It is the customer's responsibility to ensure that the style, colour and size of garments are correct before ordering printed or embroidered clothing. Printed and embroidered garments cannot be returned/exchanged for reasons such as the incorrect sizes have been ordered, or because a style "does not suit".

### Prices of Printed and Embroidered Garments

Our price list shows the prices of plain garments and also garments printed or embroidered with our most popular options. Other options are available as shown below, simply add on the price of the printing and embroidery to the cost of the plain garment. You will also need to calculate the price after discount if you are ordering more than 25 garments. If you want more than one logo add the price of each logo onto the plain garment price.

Prices shown for printed and embroidered garments do not imply that it is either possible or recommended to either print or embroider that particular style or item.

Prices of Logos	No VAT	Incl VAT
Embroidery 1-3 colours **	£1.75	£2.06
Embroidery 4-9 colours **	£2.35	£2.76
1 colour screen print	£0.85	£1.00
2 colour screen print	£1.40	£1.65
3 colour screen print	£1.80	£2.12
4 colour screen print	£2.20	£2.59

\*\* These prices relate to designs fitting in a 4" by 4" square (max size). We can embroider larger designs, please contact us for prices.

### Individual Names and Nicknames

We can also transfer print individual names or nicknames onto garments. Please contact us or look at our website for further information.

### Discounts:

Our discounts apply to the printing/ embroidery as well as the garments:

**25+ garments 5% discount**  
**75+ garments 10% discount**

We can often offer further price reductions for orders of 200+ garments. Please contact us to discuss this.

### Orders of 500+ garments

We can quote specifically for your order details. Please give us details of style code, approximate quantities of each colour and size, logo details and ordering/delivery date schedules.

### Minimum order quantities

For single colour printing and all 4" by 4" (10cm by 10cm) embroidery options the minimum order quantity is 12 garments for that design. For 2, 3 or 4 colour printing the minimum initial order quantity is 25 garments for a design.

We do not stock items from this Extra Brands Catalogue in our own factory; we source them specifically to your order requirements. Most of the items in our Extra Brands are from imported sources. The supply of these styles into the UK is, on the whole, extremely reliable. However, occasional problems do occur when there is higher than expected demand in a style, colour or size. Most of these stock shortages are sorted out within a few days. However, in extreme cases it can take weeks or months to remedy as newstocks may have to be transported thousands of miles from their country of origin. If you have a deadline delivery date you may phone us to check availability before you place your order with us. Please be aware that we can often recommend an alternative style if there are supply problems with any item that you may order.

### More information on samples.

We may substitute colours and sizes when we send samples out to you to take account of any garments that we may already have in stock. We may limit the number of samples we send out to you to only 2 items. If you are asking for sample garments which cost more than £20, or if the total value of samples requested is more than £30 we may ask for you to pay for the samples before we send them out to you. This money will then be refunded when you return the samples to us within the specified time limit, and in good condition. We will contact you if we do require payment before sending samples out to you. If we are asking for you to pay for the garments we will ensure that you know and agree with the garment styles, colours and sizes you will be receiving from us when we ask for payment.
