Printing and Embroidery Information

You've chosen your garments - now make them stand out from the crowd with your company logo!

No set-up charges for the design work!

We recommend printing for:

- Cost effective designs - printing is normally cheaper than embroidery.
- Large designs are effective and very good value for money.
- Special events - sometimes only that "printed T-shirt" look will do!
- Small lettering - if you've got lots of small lettering in your design screen printing normally works better than embroidery.
- Hi-vis garments - black printed logos stand out incredibly well on hi-visibility vests.

We recommend embroidery for:

- When you want something "extra-special", and you are willing to pay a little more for it.
- Attractive textured designs.
- Logos on fleeces, logos on formal shirts.
- Designs with up to 9 thread colours.
- Multi-coloured logos - you can have 3 thread colours in an embroidered design at no extra cost, and with a minimum order quantity of just 12 garments (for most garments styles).

Prices

The prices shown earlier in the catalogue relating to garment styles give the prices for printed and embroidered garments with either single colour prints, or embroidered designs within a 4" by 4" maximum size and 1-3 thread colours. The prices of these and other design options are shown on the right. These logo prices can be added to the price of the plain garment. If you want more than one logo add the price of all the logos you require to the price of the plain garment. Prices shown are exclusive of VAT.

Minimum order quantities

For single colour printing and all 4" by 4" embroidery options the minimum order quantity is 12 garments for that design. For 2, 3 or 4 colour printing the minimum order quantity is 25 garments for a design.

Quantity Discounts

We base our price levels on the total number of garments ordered, so if you are ordering 15 of one style and 15 of another style you can look at the "25-74 garment" prices for both garment styles.

If you are ordering more than 500 garments please send us a copy of your logo, together with likely ordering quantities, style details and timescale and we will work out our best prices for your specific requirements.

Payment Terms

We require payment within 14 days of the goods being despatched. If credit terms cannot be offered we require full payment before the order can be processed within the factory. Payment is to be by cheque, payable to Welbeck Sports. Payment by credit card will incur a surcharge.

Minimum order quantities

For single colour printing and all 4" by 4" embroidery options the minimum order quantity is 12 garments for that design. For 2, 3 or 4 colour prints the initial minimum order quantity is 25 garments for a design.

A few of our garment styles have minimum order quantities specific to that style. For all other garments you can select from various styles to obtain the minimum order quantity for a design.

Returns/Exchanges

We cannot accept returns/exchanges of printed or embroidered garments for reasons such as the customer not liking the garments, them not being suitable for the customer's end use, or due to incorrectly ordering the wrong size. It is the customer's responsibility to check plain garments before ordering.

Samples

We can send out plain sample garments for customers to check for quality and sizing before ordering. These must either be returned to us within 28 days in an "as new" condition or purchased.

Artwork for Logo

Artwork must be supplied with the order. This is often as simple as providing us with a sheet of headed notepaper with a few written instructions attached. We will prepare your design for free (although please note that you do not own the embroidered design or the print transparency/screen). Alterations away from the originally submitted design will be charged for. We send out a proof of artwork to customers for confirmation before printing/embroidering their order.

Cancellation of Orders

We will charge for all work carried out prior to cancellation of an order. We will also charge for any costs relating to garments that have been made specifically for your order, or sourced specifically for your order.

Repeat Orders

We keep print and embroidery design records to allow for easy repeat ordering. Customers are responsible for ensuring that they fully specify the garments that they require when they place a repeat order.
